Please help the service to run smoothly

- Bookings made on a week to week basis should (where possible) be made before midday on Sunday so that the lists can be prepared and the vehicles allocated. They will then be treated as contracted journeys and charged for accordingly.
- Ad Hoc bookings can be made at any time if there is space available.
- If for any reason your child is not going to use the transport for a pre-booked journey then please call either of the numbers given below and let us know. This would be most appreciated as failure to do so will create delays and frustration for the driver and other service users. Texts are also acceptable as long as you receive a response (the mobile signal at Baynes HQ is still a bit unpredictable!).
- We are proud of almost twenty years of personal, reliable and flexible 987 service but with your help we hope to progress and improve in whatever way we can.
